'Live to Learn, Learn to Live'

02/10/2017

Dear parents/guardians,

As some of you may already know we have a school Facebook page, which has been created to keep parents better informed about activities within the school, as well as communicating important information. As a school we feel this should be kept a fun and positive area, and we would love to post updates of the children enjoying certain activities. This will consist of activities during school and educational trips.

This is also a great way of giving new potential parents an insight to our school. However, as this is a public site, whilst we are aware that the majority of parents would not have a problem with photos/videos of their child/children being published on Facebook, we want to ensure that all parents are happy with this. We would therefore appreciate it if you would fill out the form below and return to the school office by Friday 6th October 2017.

As you may know we take safeguarding very seriously at our school and with this in mind, we will not be sharing any individual photos of pupils, sharing any names or sharing any photos with unsuitable clothing. We will also be asking the pupils, if given permission by parent, if they are happy to have their images on the site to comply with our UNICEF rights respecting policy. All policies are available on our school website and also the NSPCC website.

Thank you in advance and please don't forget to 'like' us on Facebook!

Please complete the following and return to the office by Friday 6th October 2017.
